

B.P. Koirala Institute of Health Sciences

Centre of Tropical and Infectious Diseases is a specialized unit established at **B.P. Koirala Institute of Health sciences** in 2007. BPKIHS , an autonomous health sciences university in eastern Nepal, is equipped with 700 bed hospital. The main objective of this centre is to provide **specialized clinical services, conduct research** and provide **training in tropical diseases**.

As a host institution

⇒ For students we offer:

- ◆ Participation in “*Short term training in tropical and infectious diseases*”, a module based training to gain knowledge and improve skills in the management of tropical and infectious diseases.
- ◆ Clinical internship in tropical diseases.

⇒ For teachers we offer:

- ◆ Lectures to teach in tropical and infectious diseases course.

As a sending institution

⇒ We request for our master students:

- ◆ Clinical internship at other tropical institutes.

⇒ We would like our pedagogical staff:

- ◆ Experience in quality assurance systems in other institutes.
- ◆ Support in design of online courses.

⇒ We would like our teaching staff:

- ◆ To improve quality and effectiveness in thesis coaching.
- ◆ To participate as lectures in other tropical disease courses.
